Binh Tran Thanh

Leadership is doing the right things
Hanoi, Hanoi, Vietnam

Summary

With over 16 years of experience in the automotive industry, specializing in Autosar, operating systems, Linux embedded, and RTOS, I possess a proven track record of success in adhering to industry standards. My adaptable nature, coupled with excellent problem-solving and management skills, allows me to thrive in new working environments. I am dedicated to my continued learning and development and am open-minded, focused, and committed to long-term strategic planning. As a business leader for both Hanoi and Philippines, I bring extensive experience and a hardworking mentality to all of my endeavors.

Experience

FPT Software

17 years 5 months

Business Unit Head

September 2023 - Present (3 years 2 months)
Hanoi, Hanoi, Vietnam

I lead a dynamic Business Unit at FPT Software, overseeing a talented team of over 599 professionals dedicated to delivering top-tier management, development, and testing services for the automotive embedded software industry. Our mission is to drive innovation and excellence in every project we undertake, ensuring the highest quality software solutions for our clients in the automotive sector.

One of the standout achievements during my tenure has been nurturing our longstanding partnership with a key customer, which is not only the largest in our portfolio but also boasts a remarkable 15-year history with FPT Software. Together, we have cultivated a strong, collaborative relationship that has yielded exceptional results. Our team of over 599 dedicated experts has consistently delivered cutting-edge solutions, pushing the boundaries of what's possible in the automotive software domain.
